## Buoy Race Courses 2011

There is a permanent racing buoy

The Start Buoy (S) located  
26 16.8N, 80 04.45W

There will be 2 Moveable Buoys the Easterly Buoy (E) and Southerly Buoy (S).

The courses will be determined by a sequence of buoy roundings. This sequence along with the direction of rounding will be given prior to the first start.

The Start line will be between the Orange Flag and the 'S' buoy. This Flag will be located either on the Beach or on a Committee Boat. The Race Committee will announce the direction of the start.

The Race Committee may, if circumstances permit, lay a Temporary Mark to create a start line between the Temporary mark and the 'S' Buoy. The race committee may also use the HI Buoy and/or set an additional buoy when designing a racecourse.

The Start Buoy (S) will be the last mark of the course and the finish. The finish line will be between 'S' and the Orange Flag. This Flag will be located either on the Beach or a Committee Boat. The race committee will announce the direction of the finish.
